END17PLUS6 | V1 MARCH 2017

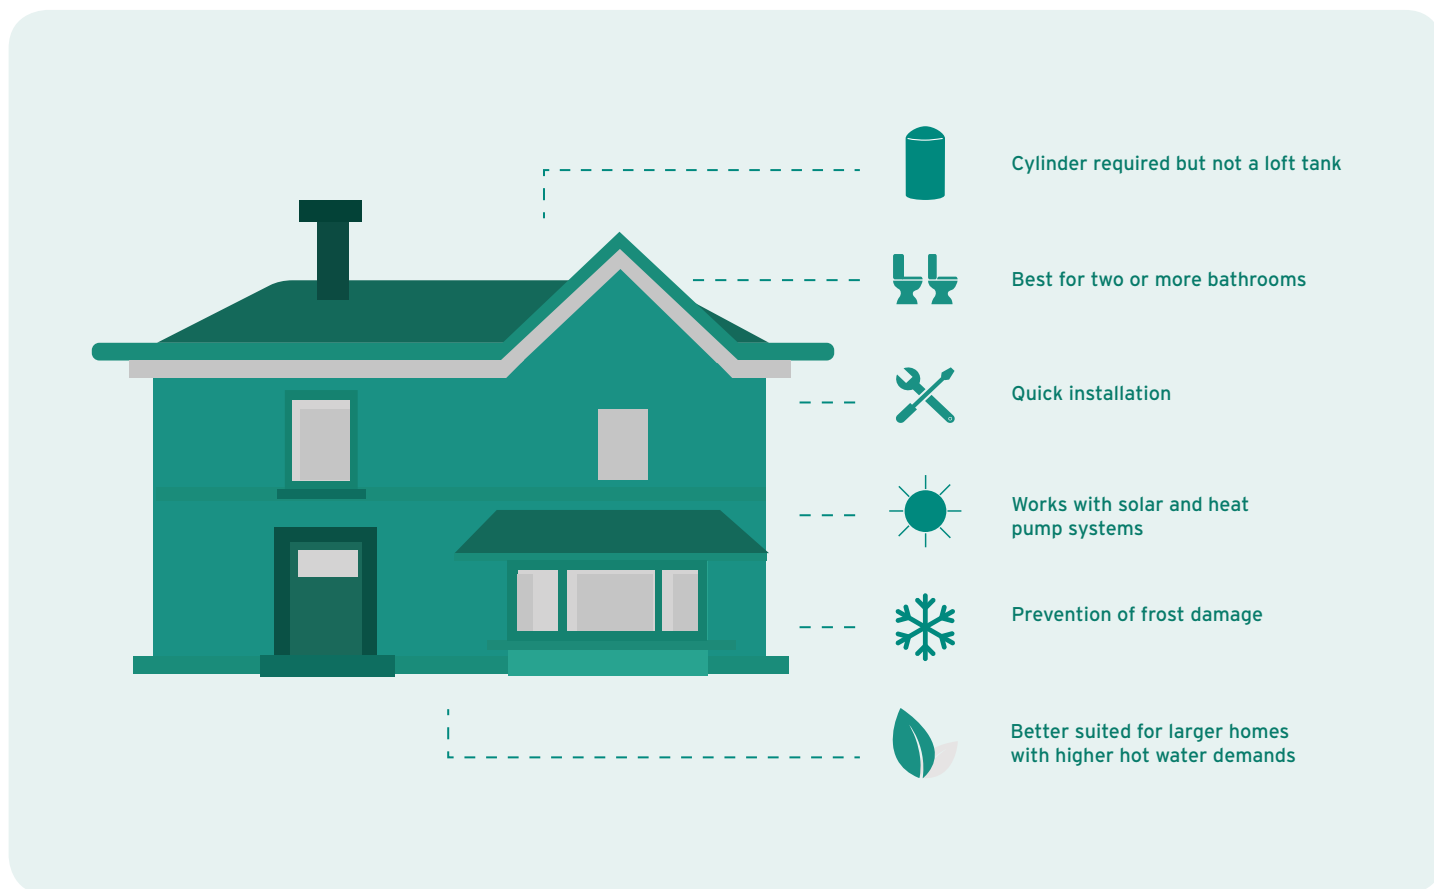

A photograph of a white Vaillant ecoTEC plus 600 system boiler mounted on a white-painted brick wall. To the right of the boiler is a white door with a silver metal handle. The boiler has a sleek, rectangular design with a horizontal silver band near the bottom that features the Vaillant logo. The background wall is made of white-painted bricks, and a white door with a silver handle is visible to the right. In the bottom left corner, there is a small table with some papers and a brush, and a brown pot is visible in the bottom center.

ecoTEC plus 600

High efficiency
system boiler

SYSTEM BOILERS

What are the advantages?

System boilers need a cylinder to store hot water, but system components are built into the boiler itself, so there is no need for a tank in the loft.

System boilers are ideal for homes with multiple bathrooms and can give a constant supply of hot water to a number of taps at the same time.

With no need for a loft tank, system boilers free up space and eliminate worries about leaks or frost damage. They can also work

with solar water heating systems and heat pumps, making a great entry into renewable heating solutions.

The built-in components of a system boiler make installation quicker and neater. Also, once installed, it is economical to run.

ecoTEC plus

High efficiency system boiler range

Extremely reliable and displaying all the in-built quality you've come to expect from a Vaillant, the ecoTEC plus is clearly one of the best system solutions available today.

The ecoTEC plus system boiler is available in a range of power outputs to meet the heating requirement of your home.

All ecoTEC plus boilers offer low energy consumption and premium components to give outstanding performance. Each one is ultra-quiet, awarded the Quiet Mark for innovative reduced-noise design by the Noise Abatement Society, and designed for a peaceful home.

Key features

- The ecoTEC plus boiler has been awarded the Which? Best Buy 2016
- ErP A rated boiler with up to 93% efficiency, helping you to reduce your carbon footprint and save money on your fuel bills
- Compact and lightweight for exceptional siting and flexibility, for a kitchen-friendly, stylish design
- Quality German design and engineering which is manufactured at award-winning UK facilities
- Designed for a peaceful home, the ecoTEC plus is awarded the Quiet Mark for its reduced noise
- Simple and easy-to-use built-in control panel
- Compatible with Vaillant's vSMART™ app based control for heating on the go
